Tiverton Arena Addition. Recommendation to Council.

Ref. No. COU-2001-05

26th March 2001

Dear Council,

It gives me great pleasure to stand before you tonight with a recommendation regarding the Addition to the Tiverton Arena on Robinson Street.

The committee has worked long and hard for this day. This addition will provide numerous benefits to our area.

1. Provide dignified and secure change areas for the girls and ladies involved in our minor sports in Tiverton.
2. Provide two extra changing rooms for tournaments.
3. Provide a lunchroom and feeding area for tournaments.
4. Provides a kitchen area for cooking meals.
5. Provide toilets and washrooms for our soccer teams in the summer.
6. Will be set up to act as an emergency shelter during times of community emergency, with the ability to connect up an emergency generator.

The price of the addition will be \$346,200 (the next bid being \$406,000).

Therefore, as Chairman of the project and on behalf of the whole committee, I would like to recommend to Council, that this project is given the go ahead.

If the project starts before the end of April, completion should be approximately 16 weeks later (the end of August).

Yours Faithfully,

Sandy

Councillor Sandy Donald.
