Letter of Commendation

Roppel Accident

Ref No : COU-SD-2002-02

23rd July 2002

Dear Carl,

I received a letter of commendation from Mr Roppel and signed by his family. I am so proud of all the people on your team for the professionalism, care and compassion you showed him and his family during the unfortunate accident on July the third. Please accept my thanks and commendation also for another job well done.

The fact that Mr. Roppel took the time to write to myself and your department, shows once again, the effects your group has on others they come into contact with. Your people are always seen as the best, in the worst of times and are a shining example, to hold up to our citizens in the Municipality. The Tiverton and District Fire Department has had a long distinguished history of serving the people of the area, which we see again being justified.

Once again, please pass on my most hearty thanks to your team and especially to Jamie McKinnon and the platoon members involved in Mr. Roppel's unfortunate accident.

Yours Faithfully,

Sandy Donald

Cc Mr R. Roppel. Box 404, Tiverton
Council.
