## Tiverton Beautification Project

### Preliminary Report

TBP-SRD-2002-01

Dear Community Member,

The Municipality has just finished the tender process for the hiring of landscape designers for the beautification of the main streets of Tiverton and Kincardine. This project is sponsored by the Economic Development Committee.

The next step will be to get public input, to decide what we are going to do to make the Tiverton downtown more appealing for the community, tourists and people to stop and shop here.

The extent of the Project, will go from Robinson Street in the East, down Highway #21, past the junction, to just past Jim Diehl's place. Then, from approximately Bumpers to the stop sign at the junction and then just past the Kwik Way store on King Street.

As you can imagine, there are definite limiters on the funds, so we want to make sure we get all the ideas together, come up with a plan of attack and coordinate it for the whole village. We want to make sure that this is a quality project and to that end we will need everyone's buy in and a lot of effort from our businesses, community groups and community minded people alike.

I believe we will need to spearhead this from a few fronts, but I want to try and make sure that the Tiverton Beautification Team (headed by Michelle Lamont) becomes the single focal group for the whole Tiverton project.

This will allow us to ensure common themes, no duplication of effort and good coordination of ideas for the village. I will be helping Michelle in this endeavour, as I believe it will greatly assist our community in developing the way **WE** as a village, want it to.

This effort will not fail or succeed by individuals; it will require a positive team effort from the whole village, to produce an even better quality place to live. If we do this well, we will develop a place that everyone in the village can proud of and benefit from.

To this end, I need you to step forward and support this project, through proactive assistance wherever possible.

Please stay tuned for further information as it becomes available.

Thank you very much for your time,

Yours Faithfully,

Councillor Sandy Donald.
