Dear Committee Members,

As you all well know, the exciting news regarding the imminent opening of Inverhuron park has given us even more hope to the Tourism and Economic expansion within our area. I believe it is now time to grab this opportunity for all it is worth.

Tiverton is in a unique situation, as it will now start to see more tourists come through the village on their way to the park.

As councillor for the area, I would like to see them stop and perhaps spend some money in Tiverton, to increase the prosperity of the immediate area. That being said, I would also like to see some amenities created for the people of the village themselves. Therefore, I would like to recommend to your committee that you appoint a member to take on the project of establishing a liquor store/ beer store within the village.

This project was already initiated by myself, just before the election , but I need someone on the Economic Development Committee to take and run with this.

There are five locations I can readily think of for this venture:

1. The old CIBC bank building on the corner.
2. VJ's Gas bar.
3. The Greenfield site where the Shriners have there semi trailer on HWY #21.
4. The Greenfield site at the bottom of Robinson street on HWY #21.
5. The old Leggetts Garage at the corner.

The contact for this is:

Mr Ron Holmes
District 25
LCBO Store #60
91 Wellington Road
Stratford N5A 2L3
(519)-271 7960.

He will put you in contact with the head office people, unfortunately, I can't find that number.

I hope this meets with your kind consideration.

Yours Faithfully,

Sandy

Sandy Donald.
